The mountain trail of friendship  
from Eisenach to Budapest (EB Trail)

The EB Trail is a long-distance hiking trail that runs through Germany, the Czech Republic, Poland, Slovakia and Hungary. It is 2696 kilometers long. With the political change the hiking trail was launched in 1983 under the name "International Mountain Trail of Friendship Eisenach-Budapest". Until 1989, it was the only cross-border long-distance hiking trail of the former socialist states of the GDR, Poland, CSSR and Hungary.

Between 2020 and 2022 we, the Erasmus+ delegation of the LES Salzgitter, have walked with our partners from Poland and Hungary parts of the Friendship Trail to explore and also to contribute to the idea of European friendship. This exhibition shows our adventure. Enjoy!
